

8-10-2020

Dear Valued Customers,

We hope that you, your families and loved ones are staying healthy and safe as the situation with the Corona Virus continues to develop. We also want to thank you for supporting local businesses during these trying times.

We are asking all customers to wear a mask when entering the building. If you do not have one, we will provide one for you.

Current Safety practice

- 1) Golf carts are being thoroughly cleaned and sanitized before and after the round
- 2) We will be allowing walking at any time during this crisis
- 3) PVC Pipes placed in the cups, making it easier to remove your ball without touching surfaces
- 4) All rakes and ball washers have been removed from the course
- 5) High contact areas; counters, key pads, credit card terminals, door knobs and railings are being cleaned and sanitized on a regular basis

Things we are asking of our customers

- 1) If you are feeling ill, or displaying any flu like symptoms, please stay home
- 2) Do not touch the flagstick, (Gimmies are encouraged)
- 3) Dispose of your own trash from the carts and return them to the staging area
- 4) Wash your hands frequently
- 5) Respect the CDC guidelines for social distancing. Do not gather as a group
- 6) Please wear a mask inside the building per the Governor's Executive order

Our restaurant is open for dining. Please consider joining us for a meal before or after your round. You may dine inside, on our patio or we can also provide take out or delivery onto the golf course.

As restrictions and guidelines change, we will continue to review our practices to make our facility as safe as it can be. We will be using email, our website and Facebook to keep you informed. Thank you for your help in making this activity as safe as possible.

Sincerely,

John Steffen

PGA Head Professional and General Manager
